

GIVE THE GIFT OF THE CHILD MIND INSTITUTE

GIVE A GIFT THAT GIVES BACK!

Honor a friend, family member, or colleague by giving a gift to the Child Mind Institute in their name. By making a contribution, you will help us realize a world where no child struggles with mental illness.

GIVE DISCOVERY

\$5,000 will add brain scans to our landmark Biobank, a free and open storehouse of neuroimaging data and genetic information that researchers worldwide use to deepen our understanding of psychiatric and learning disorders and improve both diagnosis and treatment.

GIVE RESILIENCE

\$2,500 will dispatch our Trauma Response Team to a community in crisis to help children and families cope with stress in a healthy way – as we did in the aftermath of Hurricane Sandy and the tragedy in Newtown, Connecticut.

GIVE AWARENESS

\$1,000 will provide expert content for Speak Up for Kids, a national public awareness campaign each May educating parents nationwide about the signs and symptoms of psychiatric and learning disorders and ways to get help for their kids.

GIVE A VOICE

\$500 will provide financial aid to a child to participate in Brave Buddies, an intensive group behavioral treatment program that helps children with selective mutism find their voices.

GIVE TRAINING

\$250 will train a teacher to use effective, evidence-based techniques to manage disruptive behavior and emotional challenges in the classroom, to the benefit of all students.

GIVE WHERE IT'S NEEDED MOST

An unrestricted gift will help us combat stigma, develop new treatments and diagnostic tools, and reach our goal of never turning a child away from our clinical program.
